

Join the KWizCom Partner Program and join our global network of authorized resellers.

If you are currently offering SharePoint solutions and/or services to your market, KWizCom can provide added value to your customers and help grow your business.

What's in it for you? KWizCom's multi-level partner program provides you with the solutions that will extend your market reach and grow your business.

With a generous and tiered discount plan, we work together with you to enhance revenue, provide greater opportunity and deliver focused solutions that make SharePoint even better for your customers. Take advantage of our range of packaged solutions and bundles, or ask us about custom applications. Either way, your customers are covered for SharePoint platform upgrades.

And it doesn't end there: KWizCom's expert support team is available and dedicated to your success long after your customer's solution has been implemented. Our investment in world class support tools means you can depend on your KWizCom solutions to continue delivering value for your customers.

What's the next step?

Fill out the form on the next page, and submit via email to sales@kwizcom.com

We will get in touch with you shortly to review your benefits and provide more information on how you can best take advantage of the KWizCom partner program.

In the meanwhile, you can also download and trial any KWizCom **Product** or **Bundle**

We look forward to hearing from you!
